

## CDF District 5

### CDF BUILDING RATING SHEET

Site Name: <u>Alma Forest Fire Station &amp; Helitack Base</u>	Building: <u>Barracks</u>
Ranger Unit: <u>Santa Clara</u>	Evaluator: <u>Mark V. Thornton</u>
County: <u>Santa Clara</u>	Date: <u>November 1994</u>
Quad: <u>Los Gatos 1953 (revised 1980)</u>	Elevation: <u>720 feet</u>
Legal: <u>located in the NE 1/4 of Section 5 Township 9 South Range 1 West</u>	MDB&M
Ownership: <u>California Department of Forestry and Fire Protection</u>	Builder: <u>CCC/WPA; relocation contract</u>
Architect: <u>USFS - CCC construction program, revisions: CDF</u>	Plan No.: <u>USFS "D" series</u>
Building type: <u>Barracks</u>	Infrastructure type: <u>wood frame</u>

	POINTS
1. Integrity/Building Design:	1 <u>-10</u>
2. Integrity/Building Location:	2 <u>-10</u>
3. Integrity/Building Aesthetics:	3 <u>0</u>
4. Special Features, Building:	4 <u>0</u>
5. Integrity of Setting:	5 <u>-2</u>
6. Integrity/Associated Buildings/Equipment:	6 <u>2</u>
7. Aesthetics/Natural Setting:	7 <u>-3</u>
8. Special Features, Site: rock retaining walls	8 <u>1</u>
9. Association: CCC & CDF	9 <u>10</u>
10. Surviving Number (rarity): 7	10 <u>0</u>
11. Date of Construction: 1935	11 <u>10</u>
Total:	T <u>-2</u>

**Comments:**

There are seven buildings in the CDF collection that appear to be based on a standardized 25' x 40' floor plan. These buildings were probably based on a variation of the USFS-CCC "D" plans. The Alma building was originally located at the Alma Ranger Unit Headquarters. The headquarters compound was located where Lexington Reservoir is now. The buildings at the Alma Forest Fire Station were moved here in 1953. The barracks was remodeled and enlarged at the time of the move (reference CDF Plan AA-107). In 1992 a woman's rest room addition was constructed (reference CDF Plan 1940-6A). The building has undergone other revisions, as well.

### CDF BUILDING RATING SHEET

Site Name: Alma Forest Fire Station & Helitack Base Building: Kitchen/Messhall  
 Ranger Unit: Santa Clara Evaluator: Mark V. Thornton  
 County: Santa Clara Date: November 1994  
 Quad: Los Gatos 1953 (revised 1980) Elevation: 720 feet  
 Legal: located in the NE 1/4 of Section 5 Township 9 South Range 1 West MDB&M  
 Ownership: California Department of Forestry and Fire Protection Builder: CCC/WPA; relocation contract  
 Architect: USFS - CCC construction program, CDF revisions Plan No.: USFS "E-2" series  
 Building type: Office-Kitchen/Messhall Infrastructure type: wood frame

	POINTS
1. Integrity/Building Design:	1 <u>-10</u>
2. Integrity/Building Location:	2 <u>-10</u>
3. Integrity/Building Aesthetics:	3 <u>0</u>
4. Special Features, Building:	4 <u>0</u>
5. Integrity of Setting:	5 <u>-2</u>
6. Integrity/Associated Buildings/Equipment:	6 <u>2</u>
7. Aesthetics/Natural Setting:	7 <u>-3</u>
8. Special Features, Site: rock retaining walls	8 <u>1</u>
9. Association: CCC & CDF	9 <u>10</u>
10. Surviving Number (rarity): 1	10 <u>5</u>
11. Date of Construction: 1935	11 <u>10</u>
Total:	T <u>3</u>

**Comments:**

A copy of the working plan for this building is located in the engineering files at the U.S. Forest Service Region 5 Office in San Francisco. The plan is titled "Office Building - State Division of Forestry - Alma, California." The Alma building was moved to the present site in 1953. The old location is now under the waters of Lexington Reservoir. The office was converted to a combination kitchen and messhall. It has been remodeled since but the original 25' x 41' footprint is basically intact. The recessed porch is gone and both interior and exterior cladding have been redone. Most likely, several of the CDF Ranger Unit Headquarters had "Alma type" buildings erected. In all cases, those other offices have either been completely razed or totally remodeled and enlarged beyond recognition as a USFS-CCC "E-2" design.

# CDF BUILDING RATING SHEET

Site Name: Alma Forest Fire Station & Helitack Base Building: Truck Garage/Office  
 Ranger Unit: Santa Clara Evaluator: Mark V. Thornton  
 County: Santa Clara Date: November 1994  
 Quad: Los Gatos 1953 (revised 1980) Elevation: 720 feet  
 Legal: located in the NE 1/4 of Section 5 Township 9 South Range 1 West MDB&M  
 Ownership: California Department of Forestry and Fire Protection Builder: CCC/WPA; relocation contract  
 Architect: USFS - CCC construction program, CDF revisions Plan No.: USFS "N" series  
 Building type: 3-Bay Truck Garage Infrastructure type: wood frame

	POINTS
1. Integrity/Building Design:	1 <u>-10</u>
2. Integrity/Building Location:	2 <u>-10</u>
3. Integrity/Building Aesthetics:	3 <u>0</u>
4. Special Features, Building:	4 <u>0</u>
5. Integrity of Setting:	5 <u>-2</u>
6. Integrity/Associated Buildings/Equipment:	6 <u>2</u>
7. Aesthetics/Natural Setting:	7 <u>-3</u>
8. Special Features, Site: rock retaining wall	8 <u>1</u>
9. Association: CCC & CDF	9 <u>10</u>
10. Surviving Number (rarity): see below	10 <u>0</u>
11. Date of Construction: 1935	11 <u>10</u>
Total:	T <u>-2</u>

## Comments:

Based on information in the property records and the Alma garage's footprint, the old Alma Ranger Unit Headquarters compound apparently included a USFS-CCC "N" series type building. It was identified as a six bay garage with warehouse in the old property records. It was probably 32 feet wide and 85 feet long. With the construction of Lexington Reservoir the Alma headquarters site was abandoned and the combination truck garage and warehouse dismantled. Three bays ended up here and the other three bays ended up at the Stevens Creek Forest Fire Station. The Alma building was remodeled and doubled in size circa 1969 (reference CDF Plan 230). The building has experienced addition remodeling.

# CDF BUILDING RATING SHEET

Site Name: Alma Forest Fire Station & Helitack Base Building: Gas & Oil House  
 Ranger Unit: Santa Clara Evaluator: Mark V. Thornton  
 County: Santa Clara Date: November 1994  
 Quad: Los Gatos 1953 (revised 1980) Elevation: 720 feet  
 Legal: located in the NE 1/4 of Section 5 Township 9 South Range 1 West MDB&M  
 Ownership: California Department of Forestry and Fire Protection Builder: CCC/WPA; relocation contract  
 Architect: USFS - CCC construction program, CDF revisions Plan No.: USFS "R" series  
 Building type: Gas & Oil House Infrastructure type: wood frame

	POINTS
1. Integrity/Building Design:	1 <u>-5</u>
2. Integrity/Building Location:	2 <u>-10</u>
3. Integrity/Building Aesthetics:	3 <u>0</u>
4. Special Features, Building:	4 <u>0</u>
5. Integrity of Setting:	5 <u>-2</u>
6. Integrity/Associated Buildings/Equipment:	6 <u>2</u>
7. Aesthetics/Natural Setting:	7 <u>-3</u>
8. Special Features, Site:	8 <u>1</u>
9. Association: CCC & CDF	9 <u>10</u>
10. Surviving Number (rarity): 1	10 <u>5</u>
11. Date of Construction: 1935	11 <u>10</u>
Total:	T <u>8</u>

## Comments:

The building was moved here from the Alma Ranger Unit Headquarters compound in 1953. It is the only gable side pump island gas and oil house in the CDF building collection that dates from the CCC era. The building is probably based on the USFS-CCC "R" planning series. Despite some remodeling, it still retains a good degree of its historic character. The building and compound are considered important cultural resources.

### CDF BUILDING RATING SHEET

Site Name: Antelope Forest Fire Station Building: Kitchen/Messhall  
 Ranger Unit: San Benito-Monterey Evaluator: Mark V. Thornton  
 County: San Benito Date: November 1994  
 Quad: Panoche Pass 1968 Elevation: 1,990 feet  
 Legal: located in the NW 1/4 of Section 7 Township 15 South Range 9 East MDB&M  
 Ownership: California Department of Forestry and Fire Protection Builder: CDF/contract  
 Architect: probably based on USFS/CCC building designs Plan No.: unknown  
 Building type: Kitchen/Messhall Infrastructure type: wood frame

	POINTS
1. Integrity/Building Design:	1 <u>-5</u>
2. Integrity/Building Location:	2 <u>0</u>
3. Integrity/Building Aesthetics:	3 <u>0</u>
4. Special Features, Building:	4 <u>0</u>
5. Integrity of Setting:	5 <u>0</u>
6. Integrity/Associated Buildings/Equipment:	6 <u>2</u>
7. Aesthetics/Natural Setting:	7 <u>0</u>
8. Special Features, Site:	8 <u>0</u>
9. Association: CDF	9 <u>5</u>
10. Surviving Number (rarity): 3	10 <u>3</u>
11. Date of Construction: 1945	11 <u>7</u>
Total:	T <u>12</u>

**Comments:**

This is one of three similar combination kitchen and messhall buildings in the CDF building collection that were constructed during the war years after the close of the ECW programs. The Antelope building is longer than the other two. A porch was added circa 1958 and asbestos cement tiles installed on the exterior walls in 1960. There have been other revisions. The site was initially known as the Panoche Fire Control Station.

# CDF BUILDING RATING SHEET

Site Name: Carmel Hill Forest Fire Station Building: Combination Barracks  
 Ranger Unit: San Benito-Monterey Evaluator: Mark V. Thornton  
 County: Monterey Date: November 1994  
 Quad: Monterey 1947 (revised 1968) Elevation: 620 feet  
 Legal: located in the SE 1/4 of Section 36 Township 15 South Range 1 West MDB&M  
 Ownership: California Department of Forestry and Fire Protection Builder: CDF/contract  
 Architect: State Division of Architect Plan No.: USFS "D-11" variation  
 Building type: Combination Barracks Infrastructure type: adobe brick

	POINTS
1. Integrity/Building Design:	1 <u>-5</u>
2. Integrity/Building Location:	2 <u>0</u>
3. Integrity/Building Aesthetics:	3 <u>0</u>
4. Special Features, Building: adobe brick chimney	4 <u>1</u>
5. Integrity of Setting:	5 <u>-4</u>
6. Integrity/Associated Buildings/Equipment:	6 <u>2</u>
7. Aesthetics/Natural Setting:	7 <u>-3</u>
8. Special Features, Site:	8 <u>0</u>
9. Association: CDF & Local	9 <u>10</u>
10. Surviving Number (rarity): 1	10 <u>5</u>
11. Date of Construction: 1943	11 <u>7</u>
Total:	T <u>13</u>

## Comments:

The Carmel building has the same general footprint and appearance as four CDF variants of the CCC-USFS "D-11" design. This is the only adobe combination barracks in the CDF building collection that is based on this working plan series. The D-11 was for wood frame buildings. Circa 1981 a small wing was constructed on the northwest end of the Carmel building (reference CDF Plan 1576-11A). Another addition has been constructed on the rear elevation. These changes, and other minor alterations, have affected the building's historic architectural character. It is, however, still considered a significant historic resource.

### CDF BUILDING RATING SHEET

Site Name: Carmel Hill Forest Fire Station Building: 3-Bay Truck Garage/Office  
 Ranger Unit: San Benito-Monterey Evaluator: Mark V. Thornton  
 County: Monterey Date: November 1994  
 Quad: Monterey 1947 (revised 1968) Elevation: 620 feet  
 Legal: located in the SE 1/4 of Section 36 Township 15 South Range 1 West MDB&M  
 Ownership: California Department of Forestry and Fire Protection Builder: CDF/contract  
 Architect: State Division of Architect Plan No.: unknown  
 Building type: 3-Bay Truck Garage with Storage Infrastructure type: adobe brick

	POINTS
1. Integrity/Building Design:	1 <u>-2</u>
2. Integrity/Building Location:	2 <u>0</u>
3. Integrity/Building Aesthetics:	3 <u>0</u>
4. Special Features, Building:	4 <u>0</u>
5. Integrity of Setting:	5 <u>-4</u>
6. Integrity/Associated Buildings/Equipment:	6 <u>2</u>
7. Aesthetics/Natural Setting:	7 <u>-3</u>
8. Special Features, Site:	8 <u>0</u>
9. Association: CDF & Local	9 <u>10</u>
10. Surviving Number (rarity): 1	10 <u>5</u>
11. Date of Construction: 1944	11 <u>7</u>
Total:	T <u>15</u>

**Comments:**

This combination storeroom and three bay garage is similar to the Hammond Forest Fire Station garage and storeroom. The subject building nonetheless has significant differences. Disparities include the fenestration, the hip roof, and the exterior wall finish. The Carmel garage has undergone some minor revisions since its original construction but still retains much of its historic architectural character.

# CDF BUILDING RATING SHEET

Site Name: Carmel Hill Forest Fire Station Building: Gas & Oil House  
 Ranger Unit: San Benito-Monterey Evaluator: Mark V. Thornton  
 County: Monterey Date: November 1994  
 Quad: Monterey 1947 (revised 1968) Elevation: 620 feet  
 Legal: located in the SE 1/4 of Section 36 Township 15 South Range 1 West MDB&M  
 Ownership: California Department of Forestry and Fire Protection Builder: CDF/contract  
 Architect: State Division of Architect Plan No.: unknown  
 Building type: Gas & Oil House Infrastructure type: adobe brick

	POINTS
1. Integrity/Building Design:	1 <u>-2</u>
2. Integrity/Building Location:	2 <u>0</u>
3. Integrity/Building Aesthetics:	3 <u>0</u>
4. Special Features, Building:	4 <u>0</u>
5. Integrity of Setting:	5 <u>-4</u>
6. Integrity/Associated Buildings/Equipment:	6 <u>2</u>
7. Aesthetics/Natural Setting:	7 <u>-3</u>
8. Special Features, Site:	8 <u>0</u>
9. Association: CDF & Local	9 <u>5</u>
10. Surviving Number (rarity): 1	10 <u>5</u>
11. Date of Construction: 1944	11 <u>11</u>
Total:	T <u>8</u>

## Comments:

The building consists of two units which may not be contemporaneous. Overall, it appears to have changed little since the 1950s. This is one of three adobe gas and oil houses recorded for this project. All three buildings have different floor plans.

# CDF BUILDING RATING SHEET

Site Name: Felton Ranger Unit Headquarters Building: Office-House  
 Ranger Unit: Santa Cruz-San Mateo Evaluator: Mark V. Thornton  
 County: Santa Cruz Date: November 1994  
 Quad: Felton 1955 (revised 1980) Elevation: 310 feet  
 Legal: located in the W 1/2 of Section 22 Township 10 South Range 2 West Section MDB&M  
 Ownership: California Department of Forestry and Fire Protection Builder: CCC/WPA; remod CDF/cont.  
 Architect: USFS - CCC construction program, revisions: CDF Plan No.: USFS "A-14" series variation  
 Building type: Ranger's Residence Infrastructure type: wood frame

	POINTS
1. Integrity/Building Design:	1 <u>-10</u>
2. Integrity/Building Location:	2 <u>0</u>
3. Integrity/Building Aesthetics:	3 <u>0</u>
4. Special Features, Building:	4 <u>2</u>
5. Integrity of Setting:	5 <u>-4</u>
6. Integrity/Associated Buildings/Equipment:	6 <u>2</u>
7. Aesthetics/Natural Setting:	7 <u>-3</u>
8. Special Features, Site:	8 <u>0</u>
9. Association: WPA & CDF	9 <u>10</u>
10. Surviving Number (rarity): 1	10 <u>5</u>
11. Date of Construction: 1935	11 <u>10</u>
Total:	T <u>10</u>

## Comments:

The building's original footprint suggests that it was patterned after the USFS-CCC "A-14" residence design. However, the building's hip roof, siding, and general appearance set it apart from the standard fair of A-14 treatments. These differences probably represent the results of later remodeling. A bedroom wing was added circa 1959 (reference CDF Plan AA-162). The last significant revisions took place circa 1985. The building serves as an office today. It is considered an important cultural resource.

### CDF BUILDING RATING SHEET

Site Name: Felton Ranger Unit Headquarters Building: 8-Bay Truck Garage  
 Ranger Unit: Santa Cruz-San Mateo Evaluator: Mark V. Thornton  
 County: Santa Cruz Date: November 1994  
 Quad: Felton 1955 (revised 1980) Elevation: 310 feet  
 Legal: located in the W 1/2 of Section 22 Township 10 South Range 2 West Section MDB&M  
 Ownership: California Department of Forestry and Fire Protection Builder: CCC/WPA  
 Architect: U.S. Forest Service - CCC construction program Plan No.: USFS "N" series variation  
 Building type: 8-Bay Truck Garage Infrastructure type: wood frame

	POINTS
1. Integrity/Building Design:	1 <u>-2</u>
2. Integrity/Building Location:	2 <u>0</u>
3. Integrity/Building Aesthetics:	3 <u>0</u>
4. Special Features, Building:	4 <u>0</u>
5. Integrity of Setting:	5 <u>-4</u>
6. Integrity/Associated Buildings/Equipment:	6 <u>0</u>
7. Aesthetics/Natural Setting:	7 <u>-3</u>
8. Special Features, Site:	8 <u>0</u>
9. Association: WPA & CDF	9 <u>10</u>
10. Surviving Number (rarity): 6	10 <u>0</u>
11. Date of Construction: 1935	11 <u>10</u>
Total:	T <u>11</u>

**Comments:**

The Fortuna Ranger Unit Headquarters' seven bay truck garage and the Felton eight bay truck garage are a good example of where the same 32' x 85' footprint can have a different floor plan. In Fortuna, the seven vehicle stalls are flanked by matching storerooms at each gable end. In the subject building, the configuration is eight vehicle bays. A 7' x 19.5' storage room addition has been constructed on the rear elevation of the Felton building. Other variations include the Santa Rosa Ranger Unit Headquarters and Nevada City Forest Fire Station truck garages which feature six stalls flanked at each end with larger storerooms than the Fortuna building. The Felton truck garage has undergone some revisions since its original construction. The building, though, still retains much of its historic architectural character.

# CDF BUILDING RATING SHEET

Site Name: King City Forest Fire Station Building: Office-House  
 Ranger Unit: San Benito-Monterey Evaluator: Mark V. Thornton  
 County: Monterey Date: November 1994  
 Quad: Thompson Canyon 1949 (revised 1979) Elevation: 320 feet  
 Legal: located in the N 1/2 of Section 8 Township 20 South Range 8 East MDB&M  
 Ownership: California Department of Forestry and Fire Protection Builder: CCC/WPA; remod CDF/cont.  
 Architect: USFS - CCC construction program with CDF revisions Plan No.: USFS "A-14" series (?)  
 Building type: Ranger's Residence Infrastructure type: wood frame

	POINTS
1. Integrity/Building Design:	1 <u>-10</u>
2. Integrity/Building Location:	2 <u>0</u>
3. Integrity/Building Aesthetics:	3 <u>0</u>
4. Special Features, Building: brick chimney	4 <u>1</u>
5. Integrity of Setting:	5 <u>-4</u>
6. Integrity/Associated Buildings/Equipment:	6 <u>2</u>
7. Aesthetics/Natural Setting:	7 <u>-3</u>
8. Special Features, Site:	8 <u>0</u>
9. Association: CCC & CDF	9 <u>10</u>
10. Surviving Number (rarity): see below	10 <u>0</u>
11. Date of Construction: 1936	11 <u>10</u>
Total:	T <u>6</u>

## Comments:

The house was enlarged and remodeled circa 1953 (reference CDF Plan AA-1820). Site plans suggest the building has been remodeled on several occasions. The original house was probably based on a variation of one of the USFS-CCC "A-14" series plans. Because of the revisions the building has lost a lot of its historic architectural integrity and is not given a rarity score. However, as it stands today, this is the only house of this design in the pre-1946 CDF property inventory. It is considered an important cultural resource.

### CDF BUILDING RATING SHEET

Site Name: King City Forest Fire Station Building: 7-Bay Truck Garage  
 Ranger Unit: San Benito-Monterey Evaluator: Mark V. Thornton  
 County: Monterey Date: November 1994  
 Quad: Thompson Canyon 1949 (revised 1979) Elevation: 320 feet  
 Legal: located in the N 1/2 of Section 8 Township 20 South Range 8 East MDB&M  
 Ownership: California Department of Forestry and Fire Protection Builder: CCC/WPA  
 Architect: USFS - CCC construction program Plan No.: USFS "L" series variation  
 Building type: 7-Bay Truck Garage Infrastructure type: wood frame

	POINTS
1. Integrity/Building Design:	1 <u>-2</u>
2. Integrity/Building Location:	2 <u>0</u>
3. Integrity/Building Aesthetics:	3 <u>0</u>
4. Special Features, Building:	4 <u>0</u>
5. Integrity of Setting:	5 <u>-4</u>
6. Integrity/Associated Buildings/Equipment:	6 <u>0</u>
7. Aesthetics/Natural Setting:	7 <u>-3</u>
8. Special Features, Site:	8 <u>0</u>
9. Association: SERA & CDF	9 <u>10</u>
10. Surviving Number (rarity): 1	10 <u>5</u>
11. Date of Construction: 1937	11 <u>10</u>
Total:	T <u>16</u>

**Comments:**

This is the last remaining example of either a USFS-CCC "N" or "L" series equipment shed to have the original overhead garage doors still in place. The building is also the only 27' x 77' truck garage to date from the CCC era in the CDF building collection. A 10' x 12' shed roof addition was constructed on the rear elevation a number of years ago. The building has experienced few changes since its original construction. It is considered a significant historic resource.

### CDF BUILDING RATING SHEET

Site Name: King City Forest Fire Station Building: Office/ECC  
 Ranger Unit: San Benito-Monterey Evaluator: Mark V. Thornton  
 County: Monterey Date: November 1994  
 Quad: Thompson Canyon 1949 (revised 1979) Elevation: 320 feet  
 Legal: located in the N 1/2 of Section 8 Township 20 South Range 8 East MDB&M  
 Ownership: California Department of Forestry and Fire Protection Builder: CCC/WPA; rebuilt CDF/cont.  
 Architect: USFS - CCC plan, numerous CDF revisions Plan No.: unknown  
 Building type: Office Infrastructure type: wood frame

	POINTS
1. Integrity/Building Design:	1 <u>-10</u>
2. Integrity/Building Location:	2 <u>0</u>
3. Integrity/Building Aesthetics:	3 <u>0</u>
4. Special Features, Building:	4 <u>0</u>
5. Integrity of Setting:	5 <u>-4</u>
6. Integrity/Associated Buildings/Equipment:	6 <u>0</u>
7. Aesthetics/Natural Setting:	7 <u>-3</u>
8. Special Features, Site:	8 <u>0</u>
9. Association: CDF & CCC	9 <u>10</u>
10. Surviving Number (rarity): see below	10 <u>0</u>
11. Date of Construction: 1937	11 <u>10</u>
Total:	T <u>3</u>

**Comments:**

The S-5 Forms for this site are somewhat contradictory but the original office building was either replaced or rebuilt circa 1950. The building has been remodeled on several occasions since then. An addition was constructed circa 1973 (reference CDF Plan 722-3B). Because of the numerous changes, the building is not given a rarity score.

# CDF BUILDING RATING SHEET

Site Name: Pacheco Forest Fire Station Building: Combination Barracks  
 Ranger Unit: Santa Clara Evaluator: Mark V. Thornton  
 County: Santa Clara Date: November 1994  
 Quad: Pacheco Peak 1955 (revised 1971) Elevation: 320 feet  
 Legal: located in the NE 1/4 of Section 6 Township 11 South Range 6 East MDB&M  
 Ownership: California Department of Forestry and Fire Protection Builder: CCC/WPA; remod CDF/cont.  
 Architect: USFS - CCC construction program, CDF revision Plan No.: USFS "D-11" series variation  
 Building type: Combination Barracks Infrastructure type: wood frame

	POINTS
1. Integrity/Building Design:	1 <u>-5</u>
2. Integrity/Building Location:	2 <u>0</u>
3. Integrity/Building Aesthetics:	3 <u>0</u>
4. Special Features, Building:	4 <u>0</u>
5. Integrity of Setting:	5 <u>0</u>
6. Integrity/Associated Buildings/Equipment:	6 <u>2</u>
7. Aesthetics/Natural Setting:	7 <u>0</u>
8. Special Features, Site:	8 <u>0</u>
9. Association: CCC & CDF	9 <u>10</u>
10. Surviving Number (rarity): 2	10 <u>4</u>
11. Date of Construction: 1942	11 <u>10</u>
Total:	T <u>21</u>

## Comments:

There are four sites in the CDF property inventory that have CCC vintage combination barracks that were based on a variation of the USFS-CCC "D-11" style. The Pacheco and Napa "D-11" types have experienced less intrusive revisions. The Pacheco building remodeling has affected its historic architectural integrity but this is the best CDF "D-11" variant recorded for this project. It is considered an important cultural resource.

# CDF BUILDING RATING SHEET

Site Name: San Luis Obispo Ranger Unit Headquarters Building: 6-Bay Truck Garage/Office  
 Ranger Unit: San Luis Obispo Evaluator: Mark V. Thornton  
 County: San Luis Obispo Date: November 1994  
 Quad: San Luis Obispo 1965 (revised 1979) Elevation: 330 feet  
 Legal: located in the W 1/2 of Section 22 Township 30 South Range 12 East MDB&M  
 Ownership: California Department of Forestry and Fire Protection Builder: CCC/WPA; remod CDF/cont.  
 Architect: USFS - CCC construction program, CDF revisions Plan No.: USFS "M" series variant (?)  
 Building type: 8-Bay Truck Garage/Warehouse Infrastructure type: wood frame

	POINTS
1. Integrity/Building Design:	1 <u>-10</u>
2. Integrity/Building Location:	2 <u>0</u>
3. Integrity/Building Aesthetics:	3 <u>0</u>
4. Special Features, Building:	4 <u>0</u>
5. Integrity of Setting:	5 <u>-4</u>
6. Integrity/Associated Buildings/Equipment:	6 <u>-2</u>
7. Aesthetics/Natural Setting:	7 <u>-3</u>
8. Special Features, Site:	8 <u>0</u>
9. Association: CDF & WPA	9 <u>10</u>
10. Surviving Number (rarity): see below	10 <u>0</u>
11. Date of Construction: 1939	11 <u>10</u>
Total:	T <u>1</u>

## Comments:

The building's 30' x 90' footprint suggests that it was originally based on one of the USFS-CCC "M" series plans. However, an undated site map for this compound shows a 27' x 78' warehouse for this location. The map is believed to predate 1950. If the map entry is correct then the garage was initially a variant of the USFS-CCC "L" series plans. A 1953 site plan shows what appears to be the current 30' x 90' footprint. Old photographs show this building to be either an eight or nine bay truck garage. Whatever its original appearance, the building was extensively remodeled and redesigned circa 1963 (reference CDF Plan AA-200). Due to its significant loss of integrity the building is not given a rarity score. Most of the associated buildings have been replaced. The compound area is being surrounded by urban growth.

### CDF BUILDING RATING SHEET

Site Name: San Luis Obispo Ranger Unit Headquarters Building: Office-House  
 Ranger Unit: San Luis Obispo Evaluator: Mark V. Thornton  
 County: San Luis Obispo Date: November 1994  
 Quad: San Luis Obispo 1965 (revised 1979) Elevation: 330 feet

**Comments:**

The building's unusual floor plan coupled with the unique fenestration set this house apart from the other CCC era ranger's residence recorded for this report. It's possible that the building is based on a variant of the USFS-CCC "A-14" series. It could have been further modified at the time of construction or shortly thereafter. It appears to have undergone relatively few revisions since. The house is located upon a small hill north of the main compound. A landscaped buffer zone between the house and the service buildings and administration office give the residence setting a good historic character. The compound is located on University of California property.

## Comments:

This is the only surviving CCC era gable side two stall garage with storeroom in the CDF building collection. It provides insight into the differences between two bay fire truck garages and two bay residence garages. The former had slightly larger footprints and a higher roof line than the latter. The San Luis Obispo building still reflects a good degree of its historic architectural character. An undated site plan shows the building orientated 90 degrees from its present profile. The may be an error as a 1953 site map shows the building positioned as it is today. The building is an important contributor to the associated ranger's residence.

10. Surviving Number (rarity): see below	10 <u>0</u>
11. Date of Construction: c. 1953	11 <u>3</u>
Total:	T <u>3</u>

## Comments:

A 1953 site plan identifies this small shed as an "electric control" building. It was part of a water pumping system for an on-site reservoir. The S-5 Form does not list this building and its age is unknown. It appears to have changed little since its original construction, estimated to be 1953. It is considered an important contributor to the associated ranger's residence.

11. Date of Construction: 1939	11 <u>10</u>
Total:	T <u>3</u>

**Comments:**

The original 18' x 33' office was constructed here by the WPA in 1939. A copy of the working plan on file at the headquarters office is labeled "Office Building - Division of Forestry - Ranger Station - San Luis Obispo - California." The plan was drawn by the "State Department of Public Works - Division of State Architect - Sacramento." Most CCC era buildings were based on drawings from architects retained by the U.S. Forest Service. There are, however, several other CCC era buildings in the CDF property inventory that appear to have been designed by the State Division of Architect. Most of these buildings borrow ideas from the USFS-CCC working plans. Unfortunately, the subject building was rebuilt and enlarged by CDF in 1949. A south wing was added circa 1960 and another expansion occurred circa 1977 (reference CDF Plan 739-7A). With all the alterations and additions the historic architectural integrity of the office has been lost. Consequently, no rarity score is given. No other examples are known to exist.

Total:	T <u>16</u>

## Comments:

The building is constructed on the side of the hill with the upper story constituting the main floor. This floor originally was 20' x 64' suggesting that the building is based on one of the USFS-CCC "D" series variations. The building was remodeled circa 1970 (reference CDF Plan 311). The lower floor has less square footage than the upper floor. The bathroom and recreation room on this level were remodeled circa 1972. Circa 1990 a woman's bathroom addition, with lower level storage room, was constructed on the southern end (reference CDF Plan 1938-7A). There have been other alterations to the building.

Total:	T <u>21</u>

## Comments:

The building is constructed on the side of the hill with the upper story constituting the main floor. This floor's gross measurement is 25' x 44' suggesting that the building is based on one of the USFS-CCC "D" series variations. The building was remodeled circa 1970 (reference CDF Plan 311). It has experienced further revisions since. It is, though, considered an important cultural resource.

# CDF BUILDING RATING SHEET

Site Name: Saratoga Summit Forest Fire Station Building: 5-Bay Truck Garage/Storage  
 Ranger Unit: Santa Cruz-San Mateo Evaluator: Mark V. Thornton  
 County: Santa Cruz Date: November 1994  
 Quad: Mindego Hill 1961 (revised 1980) Elevation: 2,575 feet  
 Legal: located in the SW 1/4 of Section 6 Township 8 South Range 2 West MDB&M  
 Ownership: California Department of Forestry and Fire Protection Builder: CCC/WPA; remod CDF/cont.  
 Architect: USFS - CCC construction program, revisions: CDF Plan No.: unknown  
 Building type: 4-Bay Truck Garage with Storage Infrastructure type: wood frame

	POINTS
1. Integrity/Building Design:	1 <u>-10</u>
2. Integrity/Building Location:	2 <u>0</u>
3. Integrity/Building Aesthetics:	3 <u>0</u>
4. Special Features, Building:	4 <u>0</u>
5. Integrity of Setting:	5 <u>-2</u>
6. Integrity/Associated Buildings/Equipment:	6 <u>2</u>
7. Aesthetics/Natural Setting:	7 <u>0</u>
8. Special Features, Site:	8 <u>0</u>
9. Association: CDF & CCC	9 <u>10</u>
10. Surviving Number (rarity): see below	10 <u>0</u>
11. Date of Construction: 1938	11 <u>10</u>
Total:	T <u>10</u>

## Comments:

The building was originally 25' x 50' indicating that it was probably based on the same general working plan as the truck garage at the Blasingame Forest Fire Station. Circa 1988 a 11.5' x 17' addition was constructed on the rear elevation. An 18' x 28' wing was constructed circa 1990 on the northern end of the garage. The garage doors, siding, and windows have been replaced with newer type materials. These alterations have significantly diminished the building's historic architectural integrity. It has not, therefore, been given a rarity rating.

# CDF BUILDING RATING SHEET

Site Name: Saratoga Summit Forest Fire Station Building: Gas & Oil House  
 Ranger Unit: Santa Cruz-San Mateo Evaluator: Mark V. Thornton  
 County: Santa Cruz Date: November 1994  
 Quad: Mindego Hill 1961 (revised 1980) Elevation: 2,575 feet

7. Aesthetics/Natural Setting:	7 <u>-2</u>
8. Special Features, Site:	8 <u>0</u>
9. Association: CDF	9 <u>5</u>
10. Surviving Number (rarity): see below	10 <u>0</u>
11. Date of Construction: 1938	11 <u>10</u>
Total:	T <u>10</u>

## Comments:

The original gas and oil house was constructed by the CCC in 1938. That building was either reconstructed or replaced circa 1968 (reference CDF Plan 5SA-781). The building's design is probably based on one of the USFS-CCC "R" designs. Since this is reportedly a replacement building a rarity score is not given. There are an unknown number of post 1946 gas and oil houses in the CDF building collection. The station, as a whole, is considered an important cultural resource.

# CDF BUILDING RATING SHEET

Site Name: Smith Creek Forest Fire Station Building: Old Truck Garage/Storage  
 Ranger Unit: Santa Clara Evaluator: Mark V. Thornton  
 County: Santa Clara Date: November 1994  
 Quad: Lick Observatory 1955 (revised 1973) Elevation: 2,160 feet  
 Legal: located in the S 1/2 of Section 17 Township 7 South Range 3 East MDB&M  
 Ownership: California Department of Forestry and Fire Protection Builder: CCC/WPA  
 Architect: U.S. Forest Service - CCC construction program Plan No.: USFS "J" series variation  
 Building type: 2-Bay Truck Garage with Storeroom Infrastructure type: wood frame

	POINTS
1. Integrity/Building Design:	1 <u>-2</u>
2. Integrity/Building Location:	2 <u>0</u>
3. Integrity/Building Aesthetics:	3 <u>0</u>
4. Special Features, Building:	4 <u>0</u>
5. Integrity of Setting:	5 <u>0</u>
6. Integrity/Associated Buildings/Equipment:	6 <u>0</u>
7. Aesthetics/Natural Setting:	7 <u>0</u>
8. Special Features, Site:	8 <u>0</u>
9. Association: CDF & CCC	9 <u>10</u>
10. Surviving Number (rarity): 3	10 <u>3</u>
11. Date of Construction: 1938	11 <u>10</u>
Total:	T <u>21</u>

## Comments:

The building is slightly larger than the garages located at the Badger Forest Fire Station and the Groveland Forest Fire Station. It is one of the few garages in the CDF's CCC era building collection to still have original design wood garage doors. The building is located apart from the replacement combination barracks and replacement apparatus building giving it a good historic setting.

11. Date of Construction: 1935	11 <u>10</u>
Total:	T <u>3</u>

## Comments:

Based on this garage's footprint coupled with information in the property records for the Alma Forest Fire Station, the old Alma Ranger Unit Headquarters compound apparently included a USFS-CCC "N" series type building. It was identified as a six bay garage with warehouse addition in the old property records. It was probably 32 feet wide and 85 feet long. With the construction of Lexington Reservoir the Alma headquarters site was abandoned and the combination truck garage and warehouse dismantled. Three bays ended up here and the other three bays ended up at the Alma Forest Fire Station. The Stevens Creek building's storeroom area was remodeled circa 1990 and serves as a station office. Other than this revision, the building has remained nearly the same since reconstruction. It affords insight into what the Alma Forest Fire Station garage looked like before being enlarged.

# CDF BUILDING RATING SHEET

Site Name: Sweetwater Forest Fire Station Building: Combination Barracks/Office  
 Ranger Unit: Santa Clara Evaluator: Mark V. Thornton  
 County: Santa Clara Date: November 1994  
 Quad: Mount Boardman 1955 (revised 1971) Elevation: 2,180 feet  
 Legal: located in the SW 1/4 of Section 24 Township 6 South Range 4 East MDB&M  
 Ownership: California Department of Forestry and Fire Protection Builder: CCC/WPA; remod CDF/cont.

9. Association: CDF	9 <u>5</u>
10. Surviving Number (rarity): 3	10 <u>3</u>
11. Date of Construction: 1943	11 <u>9</u>
Total:	T <u>7</u>

## Comments:

This is one of three 20' x 40' combination barracks to have survived from the 1943 - 1945 era. It probably was designed by the California State Division of Architect based on general ideas contained in the older USFS-CCC "D" series plans. The building was remodeled and enlarged circa 1974 with additional changes taking place circa 1980.

### CDF BUILDING RATING SHEET

Site Name: Sweetwater Forest Fire Station Building: Telephone Company

2. Integrity/Building Location:	2 <u>0</u>
3. Integrity/Building Aesthetics:	3 <u>0</u>
4. Special Features, Building:	4 <u>0</u>
5. Integrity of Setting:	5 <u>0</u>
6. Integrity/Associated Buildings/Equipment:	6 <u>2</u>
7. Aesthetics/Natural Setting:	7 <u>2</u>
8. Special Features, Site:	8 <u>0</u>
9. Association: CDF	9 <u>5</u>
10. Surviving Number (rarity): 1	10 <u>5</u>
11. Date of Construction: 1943	11 <u>7</u>
Total:	T <u>19</u>

**Comments:**

The 28' x 33' footprint and overall design do not match other combination kitchen and messhall buildings recorded for this report. The building may be based on a variation of one of the USFS-CCC "D" series plans. The building is no longer owned or occupied by CDF, being vacated in 1980. The fire station compound is on leased ground.
